

Thank you for coming to  
visit our new baby!

*please* be honest about your current health  
If you have been feeling a little sick  
or around people who have recently or currently had  
an illness, come back at a different time.  
Immunizations must be current (flu shot and TDAP).

*please* wait for mom or dad to offer you  
the baby  
Baby may be sleeping or eating so we will let you know  
when the baby is ready to be held by someone else.

*please* wash your hands  
It is very important to us that you have clean hands  
before holding the new baby.

Last but not least, *please* don't take things  
personally. We are anxious and sleep deprived  
while trying to get used to our new addition!

**WE' RE HAPPY YOU' RE HERE!**

We would appreciate no comments on mom's size or weight
